DETAILS

The Thursday Night Men's League is designed to offer golfers a chance to compete as a two-man team and enjoy an evening out with the guys. Each week, your team will compete head-to-head against another team within your division in a handicapped, 9-hole fourball match. Weekly points are determined by each hole being worth one point for a total of 9 points. The winning team will then gain an additional point for each weekly match. Playoffs will be determined by reshuffling divisional standings at the end of the 10-week seasonal play based on total points accumulated between the weekly matches.

No league on June 27, July 4, July 11.
